## BICKNELL BROS. CORNER.

## SEMI-CUSTOM MADE SUITS FOR MEN

When the little buds appear, and the birds begin to sing, it is time to get from winter clothes into the garb of spring. INCREASING EACH YEAR THE POPULARITY OF OUR

No other clothing house on earth to our knowledge has ever attempted this ingenious, original and economical method for dressing men. Just a few pointers in relation to our spring business. Have you heard of our Semi-Custom Made Suits for men? Many say yes. A few say no. We are after that few. Our business in these suits has started off this season with a greater rush than ever before. Practical originality has been our life study. We are the originators of Semi-Custom Made Suits for men, which means coat and vest tailor made ready-to-wear, and trousers to match custom made. Honest value is our hobby. These Semi-Custom Made Suits are honest value boiled down. They are lined with leather cloth, which will wear the suit out. They have hand made button holes, hand padded shoulders, collars and lapels, and hand made hair cloth breast, which ensures the breast to hold its original shape. The trousers are cut, trimmed and made in our own custom tailoring shop, and made by our best custom trousers makers. The prices are from \$16 to \$28. Your tailor will charge you from \$25 to \$40 for no better. We are chronic cranks on the question of trimmings. We claim it to be an imposition on human nature to cut honest goods into garments, trim them with dishonest trimmings, and peddle the garments out to an unsuspecting public. There is wisdom in buying wearing apparel at a reliable place. Is it worth anything to the joy of your every day life to purchase all of your wearing apparel where you get a hundred cents' worth of merchandise for one dollar in cash?

## LOCAL NEWS.

If you see it in the Townsman, it's news to be relied upon; if it is news and so, you'll see it in the Townsman.

Good Friday, a week from today.

Miss Mary H. Foster is ill with diphtheria.

The public schools have been enjoying a vacation this week.

Mrs. John Adams has moved from Barnard street to Morton.

Next Sunday is Palm Sunday and Easter comes on the following week.

Rev. J. H. Dale, of this place, spoke at the Lawrence Street church, Sunday.

Andrew McTernan is having his house piped for gas by the Lawrence Gas Company.

Stuart Clement was bitten in the leg by a dog in Frye Village, Thursday morning.

Nathan Gage, Jr., of Dartmouth College, is spending the Easter vacation at his home in town.

Abbot and Phillips Academies closed on Tuesday and Wednesday of this week for the Spring vacations.

E. M. & W. A. Allen have erected a mortar and pestle on a post at the edge of the sidewalk in the Square.

The Rev. C. L. Jackson, of Whitman, will speak at a union service in the Baptist church, Wednesday evening, at 7.30.

After stock had been taken at T. A. Holt & Co.'s store, last Friday night, the employees enjoyed a supper at the Phillips Inn.

Warren K. Moorehead, curator of the Archaeological department at Phillips Academy, started for the Ozark mountains yesterday.

Notices have been received by Andover members of the Canoe club at Lawrence of the first meeting of the season, next Monday evening.

Tom Harriman, a former resident of this town, but who now resides in Haverhill, was in town renewing old acquaintances, Saturday.

Mrs. Chas. T. Ripley entertained the "Recreation Club" of ladies in the private parlors of the Phillips Inn, on Friday afternoon, March 27.

The Merrimack Valley Football league will hold a concert and dance in Lawrence on April 24th for the benefit of Capt. Lowe of the Andover team.

Miss Lettie Prebler, of Portland, Me., and Harley Pratt, of Fitchburg, a student at Tech., are guests at the residence of Mr. and Mrs. W. D. Currier this week.

Invitations have been issued for a repetition of "The Cricket on the Hearth" by the ladies of the November club, at the club house, on Friday evening, April 17.

Beach, last year's catcher at Phillips Academy, who left school a few weeks ago, and Gilchrist, fielder on the same team, are playing ball with the University of Michigan.

Miss Lena Lindsay, who is teaching school at Wareham, Mass., is spending the Spring vacation at the home of her parents, Mr. and Mrs. Adam Lindsay, on Washington avenue.

Dr. Julia Morton Plummer spoke at the South church vestry yesterday afternoon at 3 o'clock. Mothers and those who have the care of children were especially interested in the lecture.

William J. Burns had two new plate glass windows set in his show windows this week. The old ones were badly scratched by mischievous boys, whose parents paid for their thoughtlessness.

Miss Agnes Gillen returned to Bridgewater Monday, to resume her studies at the normal school. Miss Gillen has been spending the Spring recess at the home of her parents, Mr. and Mrs. James Gillen, in the West district.

Superintendent of Schools Corwin F. Palmer, delivered a very interesting address at a meeting of the Burns club, which was held Saturday evening in the Abbot Village hall. His subject was "Twentieth Century Education."

The news of intended presentation of "A Scrap of Paper," to be given in the Town hall, May 1, for the benefit of the McKean Memorial fund, is causing much interest in town, and the prospects are that the hall will be filled to overflowing.

The electric lighting committee made a round of the streets of Andover recently and have decided to locate three incandescent lights on Chestnut street, one at the corner of Porter street and Gardner avenue, and one on Haverhill street on the south side of the railroad bridge. More lights may be located later on.

A false alarm of fire was sounded last Friday night at 6.02 from Box 46, corner of Main and Morton streets. The department responded promptly, only to be met by hoots and jeers from the Abbot boys. There had been a false alarm for some time. The act of pulling in an alarm from this box was a very bold one, as many people were passing up and down the street returning from work, and, besides, it was broad day light.

The first payment on the second half of the Abbot Village Coal society may be made tonight. All those not having joined will have an opportunity to do so on the 3rd and 10th.

## ANNIVERSARIES

### LINCOLN

### LODGE

A. O. U. W.

### SHAWSHEEN

### LODGE

D. of H.

Supper, Entertainment and Dance Held for Invited Guests and Members in Town Hall, Last Evening, in Honor of 200th and 100th Members.

Thursday, April 2, is a date that will not be soon forgotten by the members of Lincoln lodge, No. 78, A. O. U. W., or of Shawsheen lodge, No. 21, D. of H., while pleasant remembrances of the evening of that day will linger long with 98 members of Burrill lodge, No. 53, A. O. U. W., and Newell lodge, D. of H., of Haverhill. The occasion, a sort of a triple celebration, Lincoln lodge celebrating the advent of its 200th member, Shawsheen of its 100th, while both lodges were observing their anniversaries, took the form of a supper, with speech making, drilling and dancing, held in the Town hall, with the visiting lodges from Haverhill as invited guests.

The two Haverhill organizations who came by special train, were met at the depot by the degree staff of Lincoln lodge and members, and were escorted to A. O. U. W. hall, their way being lighted by sticks of colored fire. After a brief time in the lodge room, the members of the four lodges and distinguished guests marched to the Town hall and were seated at the long tables running from one end of the hall to the other. Near the stage, where was stationed Thomas' orchestra, behind a screen of palms from Playdon's greenhouses, was the table at which sat the presiding officer, Master Workman James Napier of Lincoln lodge and distinguished guests among whom were the following: P. G. M. W., Theodore Videto of South Framingham; P. G. C. of H., Mrs. Beatrice Nichols of Hartford, Conn.; P. G. C. of H., Mrs. Ida Nickerson of Gloucester; D. D. G. M. W., Will Wheeler of Haverhill and Representative John N. Cole of Andover.

The entrance of the degree staff of Burrill lodge in their regalia was greeted with applause. After P. G. M. W., Videto had invoked Divine blessing, the gathering to the number of almost 300 was seated and began the bountiful supper before them. The menu consisted of cold meats, turkey, mashed potatoes, cranberry sauce, rolls, coffee, ice cream frozen pudding, cake and pie.

During the supper the orchestra rendered the following splendid musical program.

Assistant Supervisor O. B. Dow, of Haverhill, next spoke briefly upon his pleasure at being present and expressed affection for the A. O. U. W. In conclusion, he wished Lincoln lodge all success, and said he felt that the occasion had been a valuable one.

Next came the drill by the degree team of Shawsheen lodge, led by Captain Catherine Ahearn. The ladies were attired in their handsome regalia and the movements performed by them were beautifully executed. Each figure was rounded out to perfection as the members moved with precision into their respective places, bringing forth rounds of applause from the onlookers. The other members of the team were chief of honor, Mrs. Nellie Kent; lady of honor, Mrs. Abbie Lewis; chief of ceremonies, Miss Mary Ahearn; P. C. of H., Mrs. Catherine Robinson; usher, Miss Nellie Cunningham; inside watch, Mrs. Elizabeth Frazer; staff, Miss Nellie Thomas; Mrs. Margaret Trefry; Misses Lydia Hilton, Theresa Marco, Jean Taylor, Ida Long, Mary Marco, Annie Guard, Harriet Curtis and Mrs. Margaret Whitman. The drill master of the team is E. E. Trefry; asst., Frederick Hulme; pianist, T. E. Rhodes.

Past Grand Chief of Honor, Mrs. Beatrice Nichols of Hartford, Conn., was next called on. She said the work of the Shawsheen lodge degree team was the finest she ever saw. The burden of her address was a plea for the members of the A. O. U. W. to join the Degree of Honor so that the assistance might be mutual.

P. G. M. W. Theodore Videto was the principal speaker of the evening. In eloquent terms he spoke of the Ancient Order of United Workmen and of the splendid work being carried on by it. He also praised the work of the Shawsheen lodge degree team, and said they should have been presented with a bouquet. The great good the A. O. U. W. is doing in protecting the homes was touched upon by him in tender terms. He thought the meeting would do great good in Andover.

Other speakers were P. G. C. of H., Mrs. Ida Nickerson of Gloucester, Representative John N. Cole, D. D. G. M. W., Will Wheeler of Haverhill and E. E. Trefry of Lincoln lodge, chairman of the committee of arrangements.

Dancing brought the evening's program to an end.

The supper was in charge of the ladies of Shawsheen lodge, with the following committee: chairman, Mrs. Edward Howarth; Mrs. T. E. Rhodes; Mrs. J. H. Playdon; Mrs. Frederick Hulme; Mrs. Austin Poland; and Mrs. Charles Jewett. A. L. Whittemore assisted the ladies in preparing the supper. Walter Rhodes acted as head waiter.

The waiters were in charge of Mrs. J. H. Playdon and were as follows: Misses Adele L. Matthews, Florence M. Wood, Sadie M. Clemens, Helena Dyson, Minnie Killackey, Ida Long, Ada M. Webber, Anna Warden, Rosalie Wood, Beattie Fraiser, Mrs. J. Garfield, Mrs. R. Eastwood, Mrs. D. Hardigan, Miss Bowman, Miss Bruce, Mrs. Matthews, and Miss Margie Fraiser.

The committee of the A. O. U. W. consisted to the following: E. E. Trefry, Edward Howarth, James Callahan, James Napier and John Barrett.

For additional Andover news, see pages three, six and eight.

3.00 p. m. Meeting of Juniors.

6.00 p. m. Y. P. S. C. E. Meeting. Leader, Miss Nellie Dearborn.

7.00 p. m. Praise Service with address by pastor, subject, "The Triumphal entry into Jerusalem."

7.30 p. m. Thursday evening prayer meeting.

METHODIST EPISCOPAL CHURCH, Services for Sunday, Apr. 5.

Conference Sunday. No preaching service. 11.45 Sunday school.

6.00 p. m. Epworth League meeting.

7.30 p. m. Friday evening. Prayer meeting.

Willis B. Hodgkins has been ill.

Mrs. John Haggerty is recovering from her recent severe illness.

Mrs. Albert Clemmons has been confined to her home by illness.

Mr. and Mrs. F. H. Briscoe, of Roxbury, spent Saturday in the Village.

Miss Mabel Herrick was the guest Sunday, of friends in Haverhill.

Mr. and Mrs. Willis B. Hodgkins spent Sunday with relatives in Boston.

Rev. George Moody, of Worthington, spent Tuesday with relatives in the Vale.

Miss Lizzie Hodge of Milford was the guest Monday of her cousin, Mrs. Robert Falconer.

A large number of Vale people attended the A. O. U. W. banquet in Andover, last night.

Mr. and Mrs. John Galvin and daughter Marion, of Wakefield, spent Sunday with relatives in the Vale.

Mrs. John Kennedy of South Boston was the guest Sunday, of her sister, Mrs. Thomas Horan, River street.

Frank B. Wight of Berlin, N. H., has been the guest for several days of his sister, Mrs. Charles E. Davies.

Mr. and Mrs. Robert Falconer were the guests Sunday, of the former's brother, Charles Falconer of Amesbury.

The Congregational Ladies' Aid society will meet next Wednesday afternoon at two o'clock, at the home of Mrs. Charles E. Davies.

An exercise of unusual interest with special music will be given at the Congregational church next Sunday evening at 7 o'clock. All are welcome.

Ballardvale lodge, No. 105, will hold a "Question Box" meeting next Monday evening, April 6. All Good Templars are cordially invited to be present.

There will be no preaching services at the Methodist church next Sunday, as it is Conference Sunday. The Sunday school and Epworth League will meet as usual.

Longfellow Lodge of Haverhill has extended an invitation to Ballardvale lodge, No. 105, to attend special memorial services for their deceased members, at Good Templars hall, Haverhill, next Sunday afternoon, April 5, at 2 o'clock.

At the meeting of the Congregational church held last Thursday evening, the pastor, Rev. Edwin Smith and Deacon Orrill Ashton were appointed delegates to the church council to be held next Wednesday afternoon at three o'clock, at the South Congregational church, South Lawrence, for the installation of Rev. George E. Lovejoy of Pittsfield, N. H., to be their pastor.

Rev. B. A. Cramton and wife left town Wednesday for their home in Hadley, Mich. Although Mr. Cramton has had a pastorate of only one year he has accomplished much and rendered very efficient service for his church and for the community. He has been an active temperance worker having served as chaplain of the local Good Templars for the past three quarters by all of whom both he and his wife were greatly beloved. The prayers and best wishes of all their many Vale friends accompany Rev. and Mrs. B. A. Cramton to their new field of labor.

"Strength and vigor come of good food duly digested. 'Force,' a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates."

"George," said Mrs. Ferguson, "to bad about that lot of mechanical toys you gave Willie for a birthday gift. Every one of them went to pieces in less than 24 hours."

"Yes," replied Mr. Ferguson, "the chap I bought them of promised they would."—Stray Stories.

Andover people are well acquainted with Mr. Morton's work through the decorations of Memorial Hall, Phillips Academy, Andover Theological Seminary, Masonic Hall, Bank building and private residences. Town hall now in process of decoration.

## Obituary.

## MRS. JANE (FLETCHER) RHODES.

Mrs. Jane Fletcher Rhodes died last Friday, March 27, at the home of her son, George E. Rhodes in Muscatine, Iowa, after an illness of five weeks' duration, at the advanced age of 81 years.

The deceased was born in Keightley, England, Feb. 23, 1822, and came to this country in 1848 settling in Ballardvale where she lived over 27 years, with the exception of a short time spent in Methuen. Her husband, George Rhodes died in 1856. She was a member of the Episcopal church. She made friends wherever she went, and will be remembered by all the old residents of the Vale, with whom she was quite popular.

Besides her son George, she leaves to mourn her loss, a grand daughter, Mrs. F. W. Green of Sioux City, Iowa, and a brother John Fletcher of Tilton, N. H. The remains were brought to town and funeral services were held at Christ church cemetery, Andover, Wednesday afternoon at 1 o'clock, Rev. Mr. Wood of St. John's church, Lawrence, officiating.

## E. M. &amp; W. A. ALLEN WARRANT EVERY BOTTLE.

If troubled with rheumatism give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frost-bites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price 25 and 50 cents.

E. M. & W. A. Allen, Andover.

## Bradlee Mother's Club.

The Bradlee mother's club met last Tuesday afternoon in the kindergarten room. There was a good attendance. The following very excellent program was given: Piano duet by the Misses Marjorie and Helen Davies; Recitation, Miss Nellie Dearborn; Violin solo with piano accompaniment by the Misses Jeanie and Mollie Donovan.

Cake and chocolate were served.

The following named hospitality committee will have charge of the next meeting: Miss Florence Provost, Mrs. James Scott, Mrs. J. H. Kibbee, Mrs. Edward Daley.

## REAL SENSIBLE IDEA

Druggist Allen Says Mi-o-na's Plan is the Only Fair One.

E. M. & W. A. Allen, the popular druggists, have been in the drug business long enough to have their own opinion of the best way of selling medicines.

They say the plan adopted by Mi-o-na, the great dyspepsia cure, is the fairest that they have ever heard of.

They don't believe that a medicine ought to be paid for unless it does the user some good.

And Mi-o-na is sold under a positive guarantee to cure dyspepsia or to refund the money. You simply leave 50 cents on deposit with E. M. & W. A. Allen, and after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Thousands of people have been cured of dyspepsia by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health.

A change for the better will be seen from the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterwards.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attendant evils. Use Mi-o-na and see how much more there is in life.

## FACTORY LIFE IN SCOTLAND

(For the Townsman, No. 14.)

## TWO TRAMPS

"The friends thou hast, and their adoption tried, Grapple them to thy soul with hoops of steel!"—Shakespeare.

Miss Richardson not only taught the two lads to know something of the three R's, reading, writing and arithmetic, she also gave them an intense love for nature. Bird and beast, sun, moon and stars, flowers and butterflies interested them, and during the two years of one hour three nights a week, the boys got more gunpowder than it often takes twelve years' study to develop.

Like all young people in health they enjoyed out door sports of all kinds. They lived near one of the best trout streams in Scotland and soon became expert anglers. The game of shinty was at that time played with gusto, (it is like hockey without ice) and the matches of one mill against another were quite as interesting as the Yale and Harvard football, and many a win for our mill was the result of the playing of the two tramps. My father had a Collie dog which was a grand rabbit dog and he seemed to know Saturday, as the boys had an afternoon with him. Being a well trained, handsome dog he wore a collar. Engraved on it was as follows:

"My name is Gelert. Touch me not but let me jog For I'm MacDougal's dog."

Gelert would go to the pasture for the cows, opening the gate to allow the animals to pass. He also drove the cows to pasture and closed the gate. The thing we liked him best for was his grand way of killing rats. He just gave them one bite, tossed them up and they came down dead rats. When we went fishing, if we got hungry, we told Gelert to go for something to eat. My mother knew by the way he barked and put one foot on the table that lunch for three was ordered. This lunch, put in a basket was carefully and quickly brought to the river side. Gelert sat down beside us while we discussed the contents of the basket, looking kindly at us with his big, brown eyes, as much as to say, "I hope you find your lunch in good order." Of course we shared the good things we were eating with our good dog.

One day Gelert was not able to take the cows to pasture. Something was the matter. He could scarcely stand on his feet; drank water, but would not eat any food. He lay around for a week and a growth or swelling came on his side. The veterinary surgeon examined him, pronounced it to be aneurism and incurable. Speaking of the case to the two doctors in the town, they said an operation should be tried. After getting my father's consent the three surgeons came to cure or kill Gelert. Tom and Jim were assistants. My father went down to see Peter Reid and discuss politics. He knew he was to lose another friend in his faithful collie. They carried Gelert to the barn, strapped him to a table and were successful in their cutting, but they said that the quantity of blood spilt would be fatal.

Tom lifted Gelert gently from the operating table and laid him against a hay and some warm milk was obtained. The patient tried to take it, but instead of putting his tongue in the milk, he licked Tom's hand, turned the brown eyes to look for the last time on his humane companions, gave a shiver, laid his head on the hay, and thus he died.

"The boys buried him beside a cherry tree. They got a soap box for a coffin, and piece of white cloth from my mother for a winding sheet. We had a procession and a funeral. My uncle hung Gelert's collar on a branch of the tree, the mavis sitting on a big beech tree sang his requiem, and my mother was the orator. She repeated the verse—

"And here he hung his horn and spear, And off, as evening fell, In fancy's piercing sounds would hear Poor Gelert's dying yell."

Of course Major Murray married Miss Richardson. Two days before they were married, they called for Dame Hendry. When the Major handed her a package of tobacco and a pound of tea, she courted and said: "Thank ye, Major Murray," and with a twinkle saying, "Weel, weel, Major, she could hae gotten a richer man, but I aye tell'd her ye was the best lookin' o' the lot."

Tom Nelson and James Wilson got each a fishing rod as the Major's gift, and Miss Richardson, knowing well the bent of the lads, gave to Mr. Thomas Nelson a fine copy of the life of Wellington, and to Mr. James Wilson the life of Nelson.

In my next letter I will follow out two tramps, the one as a soldier, the other as a sailor, and so finish my notes on factory life in Scotland, or rather memories of auld lang syne.

IAN MACDOUGALL.

## GUARANTEED BY ALLEN

Hyomei the Only Cure for Catarrh Which Returns Your Money if Not Satisfactory.

It is seldom that a druggist has enough faith in the medicines he sells even when prepared by himself, to be willing to refund the money if it does not cure; but Hyomei has cured so many cases of catarrh among the customers of E. M. & W. A. Allen that they offer to refund the money to all who use it and report that they are not satisfied.

Hyomei is the simplest and most convenient remedy for catarrh ever offered to the public. Breathed through an inhaler so small that it can be carried in the vest pocket, for a few minutes four times a day, it will absolutely kill all the germs of catarrh and cure the disease.

Catarrh cannot exist where Hyomei is used. It has a two-fold action, killing all the germs in the air passages and lungs and soothing and healing the irritated mucous membrane.

Some of the prominent men and women of the country have gladly given testimonials to Hyomei. After seeking relief in vain for years, this wonderful remedy has cured them of catarrh, and it is no wonder that they want others to know of it.

Rev. Dr. Stryker, of the 34th Street Church, of New York City, writes: "Hyomei gives relief in catarrh when other remedies have failed. It has been of great service to me."

If you have catarrh, accept E. M. & W. A. Allen's proposition and use Hyomei.

## LOST THE MEDALS

But Honor of League Championship Belongs to Andover—Withdraws From League and Grant Cup Contests.

After a stormy session of the Merrimack Valley Football League, lasting nearly four hours, the protest of the Methuen club against the referee's decision in the recent game with Andover, was upheld and as a result Andover withdrew from further competitions in or under the league. This means that Andover will not enter the final round for the Grant cup, which honor it won by defeating Lowell Saturday. The disposal of the protest was taken from the league delegates and given to the league committee, in spite of vigorous kicking of Arlington and Andover delegates. Methuen, Bunting and Ward 5, the latter a very much interested party in the protest, voted in favor of referring to the league committee.

The chairman, a Lowell man, who has no vote except in the case of a tie, but who was so afraid lest the matter should not be considered by the three named clubs, forgot himself completely and voted in favor of commitment. He was vigorously called down by A. Mills, the Arlington club delegate. The whole affair had been carefully planned by Methuen, Ward Five and Bunting, and it was nothing more than a deliberate attempt to rob Andover of the championship medals and which succeeded as Andover anticipated.

The usual routine business preceded the discussion of the protest, and this took longer than usual on account of the feeling of the protest. It was voted to hold a benefit concert and dance probably in this city for Robert Lowe, of the Andover club, who was severely injured in a recent game. A committee was appointed to take charge of the matter.

The consideration of the protest followed and the Arlington and Andover delegates claimed that it should be dismissed on the ground that it was not lodged in writing on the field of play. Chairman Merritt refused to entertain this. Then the same delegates reminded the chairman that at the meeting held the previous week in respect of Arlington's protest against Andover, Methuen emphatically asked that hereafter the referee's decision be final and that now they asked to have the referee's decision reversed a week later. This fact was not denied but the program was to deprive Andover by any means of the medals and a motion by the Methuen delegate that the league committee consider the protest was carried. It was here that the president showed his leanings toward Methuen for which he was called to order by the Arlington delegate who asked that neutral chairman be appointed, but this was denied.

The committee then considered the protest in private. The claims of Methuen were that the second goal scored by Andover did not go through and that full time was not played. Referee Ogden's written statement was presented which testified that in his opinion the goal was clearly scored and also that time and one minute over had been played. Linesman Connor also testified that his watch showed time and one minute and a half over. Methuen spectators' evidence was put against this, but this was not necessary and no evidence in favor of Andover, however conclusive, would have been entertained. The committee announced its decision at half past six and ordered the game replayed each at their own expense. The referee, J. H. Cairnie of Andover tendered his resignation as treasurer.

A special meeting of the league was held Wednesday evening in Lawrence and Andover's resignation from the league was accepted. The resignation of James Cairnie as treasurer was also accepted. The league also voted to play the Grant cup games over again and the two clubs, Arlington and Buntings of Lowell, which Andover put out of the running by 8 goals to 0 and 2 goals to 1 have been pitted against each other at Lowell. Methuen and Ward 5 will play on the Riverside Saturday afternoon. The winners of these games will contest in the final round. Andover however is contented to know that the honor of winning the league championship and of having entered the final round of the Grant cup contest is hers. The medals will go to Ward 5 which club had a large interest in Methuen's protest, as the result of Wednesday evening's meeting has proved.

A Methuen delegate emphatically said that the medals would never go to Ward 5, but events have turned out otherwise. The Lawrence clubs were determined that Andover should not get the Grant cup and have evidently succeeded, to their own loss of honor.

H. Ankers was elected treasurer in place of James Cairnie resigned.

## To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

## Punchard's Schedule.

Manager Roy Lindsay of the Punchard High school team, has succeeded in arranging games with high school teams and expects to be able to arrange for two games each with the Haverhill and Johnson High school teams. The schedule as prepared follows:

April 15, Punchard vs Lawrence at Andover.

April 20, Punchard vs Punchard alumni at Andover.

April 27, Punchard vs Reading at Andover.

May 1, Punchard vs Lowell at Andover.

May 9, Punchard vs Woburn at Andover.

May 15, Punchard vs Lowell at Lowell.

May 20, Punchard vs Stoneham at Stoneham.

May 22, Punchard vs Reading at Reading.

May 30, Punchard vs Saugus at Saugus.

June 3, Punchard vs Stoneham at Andover.

June 10, Punchard vs Saugus at Andover.

June 17, Punchard vs Woburn at Woburn.

## ASSOCIATION FOOTBALL

Andover, 2; Bunting, 1.

Grant Cup Semi-Final.

The Andover football team entered the final round of the Grant-cup competition, last Saturday afternoon, by defeating the U. S. Bunting team on the latter's ground in the semi-final round.

The match was played in a drizzling rain, which made the ground very heavy and fast play impossible. The Buntings were strengthened by two New Bedford players. Andover was without the services of Captain Lowe owing to his injury, and T. Rennie took his place at centre, while Jim Cairnie captained the team. There was a good turnout of spectators. Andover scored twice in the first half, through G. Rennie and D. Falconer, and, although Bunting had fully as much of the game as Andover, the shooting at goal of the Lowell team was very poor. In the second period, Andover failed to augment her point on a shot which completely beat Andover's custodian. Andover won, 2 goals to 1. This is probably Andover's last game in league competitions.

Andover's team was: O'Connell, W. Matthews, D. Rennie, J. Cairnie (capt.), A. Haddon, Smyth, D. Falconer, W. Black, T. Rennie, R. Cairnie, G. Rennie.

## "GOOD SPORT IN THE FISHING LINE."

"An Early Season Promising Big Catches."

A week ago the welcome news arrived that the Penobscot River in Maine was free from ice. The significance of this brief message is properly interpreted only by the person who is anticipating with impatience and fervor the time when he can cast a fly into the depths of a Maine lake or rivulet.

It is true that the ice this year has left the rivers of Maine at an unusually early date. In fact, not since 1871 have the rivers and ponds been so clear and free as at the present time. This means an early fishing season, and an early season means a longer one.

Maine has devotedly looked after her visiting sportsmen in the past in a truly commendable manner, but from the looks of the preparations which the campowners and hotel proprietors are already making, it is plainly evident that she aspires this year to outdo herself and her glories of the past.

The lakes and ponds throughout the state have been wisely stocked from year to year, so that all danger of a dearth, no matter how large the invading army, is eliminated.

Sebago, the handiest of Maine's lakes, within a few miles of the coast, is a favorite resort for the early comer, and the size of the catches in this lake are, as a rule, above the ordinary. The Rangeleys are also famous for their size and variety, and as an early resort, they partake of the same popularity as Sebago. Trout, bass and salmon are quite plentiful here, and the advantages in the shape of natural scenery and health-giving atmosphere are superb. In fact, Maine contains so many choice fishing resorts, numerous trout brooks, lakes and rivers that it would be well nigh impossible in a brief account to describe or even attempt to give a worthy account of the make of lakes and ponds which dot the surface of this famous state.

By simply mentioning a few of the larger lakes and points of entry to the different sections, the sportsman who is about to make his first fishing resort will get an idea of the variety of places to choose from in the greatest fishing and gaming state in the Union.

The "Dead River Region," famous the country over for its great hunting advantages, also proclaims distinction by reason of its fishing. The fishing resort within its borders, Eustis, the centre of this region, reached by stage from Bigelow, a route which appeals to every lover of natural grandeur, skirting by the borders of the towering Mt. Bigelow, through a delightful valley where no noise save the creaking of the brook and the singing of the birds mar the solitude, is the departing point for journeys in all directions. Here one can secure a guide who will initiate him into the mysteries of the woods, and accompany him to crystal sheets of water where trout and salmon frisk and play.

It is almost impossible to travel in this territory without a guide, for the woods are very thick and the lumber roads are quite confusing.

Some of the principal bodies of water in this section are "Flagstaff Pond," "King and Bartlett Lakes," "Parker Lake," "Long Pond" and "Parker Pond."

Another famous and equally celebrated fishing territory is the famous "Moosehead Region." Like the "Dead River Region," during the fall season hundreds of rods and rods of rods extend towards the shores of Moosehead for a crack at the deer and moose which are quite plentiful. The fishing consists of pickerel, perch, trout and salmon, and this lake always takes the lead in the supply of salmon and trout during the open season.

The section of Maine known as the "Aroostook Region" is one of the portions of the state where as yet primitive nature holds sway. Beautiful beyond description, wild and rugged forests where the moose have learned to wander in their retreat from man, this territory is reached by means of the Bangor and Aroostook Railroad. Paten, Houlton, Fort Fairfield and Caribou are some of the gateways, and the lakes include Pemadumcook, Machias, Millinocket, Mattawamkeag and a score of others, while there are any number of rivers and streams. Still another portion of Maine, where the angler can find recreation and sport, is in "Washington County," situated on the line of the Washington County Railroad. It is the latest annex to Maine's fishing and gaming territory, and is even more primitive than the Bangor and Aroostook region. Newly opened, there are some places in this territory which have never yet been visited by civilized beings, and the forest lands have never yet been devastated by the woodsmen's axe. Columbia Falls, East Machias, Brookton, Calais are a few of the points where guides may be secured and camps are located.

Thus the person desiring to spend a few weeks in the pursuit of that sport which "Isaac Walton" characterized as a "Fine Art" will find no scarcity of places and all sorts of fish in the lakes and rivers of Maine.

Nevertheless there are some choice fishing grounds in New Hampshire and Vermont. In New Hampshire, Winnepesaukee contains all the choice varieties of fish, from the famous square tailed down to the lesser varieties. Newfound Lake is noted as a famous fishing resort, and Lake Sunapee is a desirable spot for either a vacation or a fishing trip.

In Vermont, Lakes Willoughby and Memphremagog furnish as good sport as on would find in the waters of Champlain are trout, pickerel, perch, etc., which will rival both in size and quantity any catches in the country.

Get ready and join the invading army of sportsmen. You have three states to choose from and over two thousand resorts.

Send two cents to the General Passenger Department, Boston and Maine Railroad, Boston, for their booklet "Fishing and Hunting," which includes the New England fishing resorts in detail.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by E. M. & W. A. Allen, Andover.

Frenchman Ze territory zey call ze Louisiana Purchase was all Fr-en-ch, you remember? German-Dott's all right. It's about half German now, and don't you forget it!—Chicago Tribune.

## ANDOVER NEWS.

Miss Sara Poor returned last Friday from a lengthy visit at Bay Side, R. I.

Miss Helen Bodwell, of Mt. Holyoke College, is at home for the Spring vacation.

A regular communication of St. Matthew's lodge will be held next Monday evening.

Miss Mary King Marland, of Wellesley College, has been spending the past week in town.

Superintendent David Bruce assumed charge of the Lawrence Division of the Boston & Northern road on Wednesday.

Mr. and Mrs. J. H. Campion witnessed Mozart's opera, "Il Flauto Magico," at the Grand Opera, Boston, Thursday night.

The Fortnightly Social club will hold its next meeting with Mr. and Mrs. Holden. The last meeting was held at the home of Miss Alice Hinton.

A class initiation will be held by Andover Council, No. 65, R. A., on Friday evening, April 24. This is the second class initiation within a month.

The horse which has drawn the depot hack for John Adams for a number of years, broke its leg in the stall Saturday night and was shot by Chief Frye.

Edwin L. Brewster and family have moved from Mrs. Odlin's house on Locke street and taken up their residence in their house recently occupied by the Rev. F. R. Shipman. Mrs. Kerr has moved into the house vacated by Mr. Brewster.

The young people of the Grange are planning to entertain the Women's club of that organization in the near future, probably in about two weeks. Preparations to that end are being made. The evening's entertainment will consist of a minstrel sketch, which the young people will present. Supper will also form a pleasing feature of the evening's program.

In response to invitations the members of the Sunday school class of Miss Mabel M. Carter gathered at the home of their teacher on Bartlett street, Tuesday evening, where a most delightful evening was spent in playing various popular games, which afforded much enjoyment. Light refreshments were served and at a seasonable hour, after thanking the hostess for her kindness, they departed for their respective homes.

Tuesday, the electric car men saw a white owl near Hinton's ice creamery in Andover. From the distance it looked so large and massive that some on the car mistook it for an eagle. Upon arriving in Reading, Del. Harris happened to be waiting in the Square for a car and straightaway he hastened for his trusty firearm. Mr. Owl was there and his wing received the shot. The bird was only wounded and at last reports was living in captivity. It was a white Arctic owl, which is very rarely found here.—Reading Chronicle.

## A RESTORATION.

A restoration from the roots upwards must take place to cure an obstinate cough. Scott's Emulsion begins way down at the bottom of an inflamed throat and when it finishes its work there is no inflammation left.

## Good Sales at Clinton.

The following is taken from the *Turf, Farm and Home*, Waterville, Maine, of Wednesday, March 18, 1903:

"Mr. Editor: I sold to William Higgins, of Andover, Mass., thirteen high class horses, and he bought one at Waterville, a great knee actor, which made fourteen he shipped from here last Wednesday morning. This was the best lot of horses that I ever sold in one lot, and at the same time, in my whole life.

"In the lot was a brown pair of horses standing 15-3 strong, and weighing 2210 pounds; they went with high action and were nice gaited. I sold him a bay gelding, which John Drake raised at Benton, and a mare that mated him, which was raised in Troy. They stood 15-2½, weighed 2100 pounds, could step a 2-40 gait together, one of the kind of teams which we all like to buy. Next was a golden chestnut horse, sired by Van Helmont 2:19½, and he by the great Harbinger. This horse stood 15-3, weighed 1010 pounds. One of the best prospects for a race horse, that will go out of Maine this year, raised at McNelly's farm, Clinton. A black gelding 15-3, weighing 1075 pounds, high actor at both ends, raised at the Harding farm in Albion.

"A bay mare 15-2½, weighed 1065 pounds, raised by Harbinger. A great road mare and could step a 2-40 gait, came from Charles Lord's stable at Brooks. A bay mare 15-3 hands high, came from the Blaisdell farm in St. Albans. This was a high class mare, as she went high at both ends, and could step a 3 minute gait. A silver maned cob horse 15-2, weighing 1035 pounds, went with high action and could trot in 2:35, came from the farm of W. A. Getchell, Benton. A brown gelding with three white legs, safe for a lady to drive any where. He weighed 1000 pounds, and could step a 2-40 gait, came from Farmington last fall. I don't know who raised him.

"A bay mare 16-1, weighing 1150 pounds, could step a 2-40 gait, high gaited at both ends. A bay mare that mated her, 16 hands high, could go a 2-50 gait to pole.

"A small bay mare 15 hands, which had high action, and safe for a lady to drive, came from the farm of J. M. Lindsey, Pittsfield.

"Mr. Higgins has bought of me for the past seven years, more or less.

"I sold him one horse three years ago, which he gave me \$400 for, and he sold him to a Mr. Baker, of Boston, for a long price, who took him to the Horse show and won the blue ribbon. The purse was \$1500. Then Mr. Baker sold him for \$3000, to go across the water.

A. RICHARDSON, Clinton, Me."

## THE BOSTON THEATRES

CONTINUALLY AMUSING THOUSANDS.

Up-to-date, sixty-five performances have been given of Klaw & Erlanger's beautiful, stupendous production of the Drury Lane spectacle, "The Sleeping Beauty and the Beast," at the Colonial Theatre, Boston. These sixty-five performances have attracted nearly one hundred and sixty thousand people, a record truly to be proud of and one which completely eclipses all previous theatre offerings in the history of the amusement world. The engagement at the Colonial theatre is a limited one and those who have not already witnessed it should embrace the remaining opportunities. The management is giving special attention to mail orders. Seats are on sale three weeks in advance, so all the public has to do is to write, selecting a date, and choice seats will be forwarded. "The Sleeping Beauty and the Beast" has more than fulfilled all that has been claimed for it by the management.

Aside from its spectacular features, "The Sleeping Beauty and the Beast" might well be termed an incessant fun treat. From the entrance of the jolly old nurse, humorously portrayed by Joseph Cawthorne, until the escape from death in the last act by the merry old king and queen, impersonated respectively by Harry Bulger and Wm. Masart; no let up in comical sayings and doings is permitted.

## RETURN OF CREATOR.

The musical sensation made by Creator and his band early in the present season, at Symphony hall, Boston, will be pleasantly recalled and the arrangements made by Manager L. H. Mudgett for the return of this magnetic director, and his remarkable aggregation of musicians, to the scene of his former triumphs, will gratify thousands of Creator's admirers. He has all the virility of his race, a personality that almost hypnotizes those who watch his movements at the leader's desk and a faculty in the art of programme making as rare as his other qualifications for his chosen work. He comes to Symphony Hall for an afternoon concert on Saturday, April 4th, and an evening concert on Sunday, April 5th, and in each of these appearances the band will have the assistance of notable soloists. A popular scale of prices has been arranged for the coming appearances of Creator, and seats may be engaged on and after Monday, March 30.

Mrs. Fiske has returned to the Tremont where in "Mary of Magdala" she is delighting large audiences. Hers is probably the most important production that has been seen at the Tremont theatre this winter.

The engagement of Otis Skinner at the new Majestic in "Lazarre" is for two weeks. Included in the company is Nannette Comstock, Maud Durbin, Bent Ringgold, Chas. Weller and Walter Allen.

John Drew finishes his engagement at the Hollis on Saturday and "The Mummy and the Humming Bird" will be followed by E. H. Southern in a limited engagement with his sumptuous production of "Hamlet."

"The Girl with the Green Eyes," at the Park, with Clara Bloodgood, has made an instantaneous hit and is drawing big houses.

"Ezra Kendall, as 'The Vinegar Buyer,' is exciting about 150 laughs, almost one a minute, at the Boston Museum.

Rice's "Show Girl" opens at the Boston Theatre next week for one week only.

"The Merchant of Venice" is on the bills for the Castle Square next week.

Sandow is lecturing at Keith's this week.

"In Convict Stripes," at Music Hall, next week.

First arrival Spring Dress Goods, Etimine, Mixed Suitings, Broadcloth, etc., at mill prices. Appleton St. Remnant Store, near City Hall, Lawrence.

**The Fraternal Societies.**

There have been two rather notable anniversaries in town during the past ten days which deserve more than passing attention. On Wednesday evening of last week and on Thursday evening of the present week, two of the town's prominent fraternal orders have set important mile stones in their work, and progress in it, in Andover. The news stories in these columns have dealt fully with the particular features of these two celebrations, but there is another phase of the development in this remarkable movement in fraternal organizations, that we may well think upon for a few moments.

In the first place, no one must think that this growth in this peculiar kind of brotherhood is confined to any particular restricted field; it is almost world wide in its taking hold of men and women, and has just that much deeper significance for that reason.

It is not very many years ago that almost the only place for a gathering of common interests was in the church organizations. Back in the early times, one common meeting place sufficed for the little community and at that place all gathered at regular times. As the communities grew, the one common meeting place was divided into several, each gathering to its support spirits with kindred views in purpose and belief.

As the world moved on the social side of man began to crave something more than the spiritual aid and interest that came from the more and more creed-serving church, and the millions of men and women enrolled in the different fraternal and social organizations of this country stand today as a monument to the lost opportunity for some great leader to have made the churches of America keep pace with the changing desires of the people. What the churches might have been if the added power had been gained through instituting as branches of their work, much of that work now done by the great fraternal organizations is beyond estimate.

But the movement took another turn; the churches continued as spiritual uplifters in the country, and the new factor in social and moral uplifting took up the work of filling the new field. And the great organizations, of which there are branches in Andover, have done the work well. They have cared for their sick, comforted their dying, and bestowed bounteously upon their afflicted. They have been, and are now, the best examples of brothers and sisters in our busy world. They help one another, and he who thinks, because of ignorance of the inner workings, that the spirit of reverence is departing from our people because church attendance is declining, should have the uplifting experience of an evening with any one of several of the "brotherhoods" of the present day.

The fact is, the church is no longer the "all" in man's social and moral upbuilding. It is now only one of the great and many forces which are keeping men in line with high purpose, and noblest living. It is still the greatest of them all, but let no one conclude because many men and women are giving of their time and labor in these other fields, that there is less of the true service of the Master than there was years ago.

The great fraternal orders of this country may not appeal to many people for one reason or another. Examples of wrong conduct in prominent workers may bring one or another branch into ill repute. But withal this, they today form one of the world's greatest forces in keeping men and women true, and pure, and Christ like.

**The New Era at Phillips.**

Congratulations to Phillips Academy, and to the town of Andover, upon the opening of the new department of Archaeology at the great school on the hill. There are very few of us who know much about archaeology, but the writer for one, is perfectly satisfied to take the merit and worth of the particular subject which is the basis for this foundation, on the "say-so" of the gentlemen who are at the head of it.

There is, however, a great deal more than the teaching of a new and important subject in this new department at Phillips, and for one thing there is the evidence of aroused interest in the secondary school, that bodes great good for not only our own academy but other important college preparatory schools. Let the good work go on; and let us all by word and deed, and constant interest, aid at every opportunity. It is well worth while.

**Editorial Cinders.**

We supposed that newspapers had a monopoly in anonymous letters, but it seems there are others. Selectman Smith tells us that he has received a complaint which has found the waste basket just because it bore the same old "e pluribus unum" sort of a signature instead of the name of the writer. What is worth saying is worth standing for.

How easy it is for rumor to make trouble! Here, for instance, are many citizens very properly exercised over the report that a double track is to be put in between Andover and Lawrence, doing great mischief all along the line. And it is all rumor without a particle of foundation in fact.

**FOR PUNCHARD ALUMNI**

Successful Vaudeville Held in the Town Hall Last Friday Evening.

Last Friday night the Punchard vaudeville occurred in the Town hall for the benefit of the Alumni Association. The hall was well filled, although not crowded, with an audience composed of friends of the association.

The program was begun at eight o'clock by selections rendered in an excellent manner by the Andover Band orchestra. Then four members of the P. A. Mandolin club, led by E. C. Boynton, played a very pretty selection and were recalled.

Prof. Charles H. Wilson, the well known prestidigitator from Boston, was the next attraction with his feats of magic and sleight of hand. His wonder-working exhibition kept the onlookers amused for about half an hour. In the afternoon, Professor Wilson gave an exhibition in Punchard school hall at which the children were especially in evidence. Following this the minstrel sketch by several P. A. students, had its place on the program.

A series of tableaux, given under the direction of Miss Caroline Abbot, were very pretty and well arranged, being copies of famous paintings. The grouping was excellent. The tableaux and participants were as follows:

Penelope Boothby, Miss Elizabeth Abbott  
Queen Louise, Miss Joanna Downing  
The Islanders, Misses Florence Bakdwin, Maud Meader and Clara Clemons.  
The Angels, Miss Maud Meader and Charles Burt

A selection by the orchestra followed, and then Percy F. Gilbert gave one of his comical monologues, a heated argument between two politicians which almost developed into a fist encounter. The audience was much amused and applauded his efforts heartily.

The mandolin quartette played another selection, after which the curtain rose on the French vaudeville, "Madame is A-bled." The scene represents a handsome interior in Paris. Madame is prodding by her husband's absence to visit the ball at the opera with a party of friends. Joseph, a servant, enters and greets George, the maid, and his sweetheart. They arrange for a little supper, at which George has invited her godfather to be present, and separate to prepare the feast. Monsieur Chaponier, the husband, returns unexpectedly, having told his wife that he was going to Brussels as second for a friend who was to fight a duel, while in reality he was to take supper with an actress. In this latter purpose he was defeated by the untimely arrival of the actress's rich lover, so returns to sup with his wife. George enters and is chagrined to find her master has returned and schemes to keep from him the knowledge of his wife's absence.

During her temporary absence from the room, Joseph reenters, discovers Chaponier, whom he takes for the godfather and becomes familiar, which the husband resents. George's return and explanation straighten out that mistake and then ensue a number of laughable expedients, originated by George, to keep Monsieur from going into Madame's room to invite her to sup with him. At last, Chaponier, deceived by George, who, at her wit's end, pretends she is jealous of Madame, invites her to dine with him, becomes affectionate, and both are startled by the entrance through the window of Joseph, who accuses his sweetheart of faithlessness. She sets him right by telling him of her ruse.

Madame returns, discovers her husband's presence in the room and is alarmed. George sees her and succeeds in getting Chaponier out of the room for a moment so that Madame gets to her own room unseen by her husband. On Chaponier's return, he is quickly made aware by the maid that she cares nothing for him and soon Madame's bell rings, a signal that Madame has retired and everything is all right.

Mons. Chaponier, a rather lively middle aged Frenchman, was well portrayed by Frank P. Higgins. As George, the maid, Miss Harriette G. Dodson, was very charming and spontaneous in her expedients. The part of Joseph, the jealous servant, was taken by Herbert S. Stillings. Madame, who simply passed from one door at the rear of the stage to a door on the side, disguised with cloak and mask, was played by one of the masculine members of the cast, no young lady in Andover, among those asked, having been found who was obliging enough to perform this difficult task, probably on account of modesty or bashfulness.

The stage furnishings were from Kaiser & Francis, Lawrence Gas Company and E. C. Pike.

The Alumni Association received a goodly sum as the result of the vaudeville. The committee of arrangements consisted of Albert W. Lowe, president of the association, Charles W. Clark, William A. Trow, Charles H. Shearer, Emanuel Downing, Miss Bessie P. Goldsmith, Mrs. David Shaw, Miss Anna Abbott and Miss Caroline Abbot.

**Abbot Academy Club.**

The Abbot Academy club met at the Vendome, Boston, Wednesday afternoon, Miss Edith E. Ingalls, presiding. Mrs. Charles Dunn, treasurer, gave her yearly report, showing a balance which will be applied as a gift to the academy. The following officers were chosen:

President, Edith E. Ingalls; vice-presidents, Emma Meacham Davis, Lillian Franklin Carr; recording secretary, Mary Frances George; corresponding secretary, Elizabeth Goldard Heald; treasurer, Mabel Kittredge Dunn; auditor, Emily Clark Stearns; directors for two years, Alice Goddard Emerson, Marion B. Morse, Sarah Osborne Poole. Miss Ingalls read a paper called "Open Thy Wordsworth," and Miss Alma Barnett played violin solos. Refreshments followed, the pourers being Mrs. Eaton, Mrs. John V. Holt, Mrs. Farrington and Mrs. Carr.

<b>POWNER'S SUEDE LISLE GLOVES</b> in black, white, mastic, slate, tan and brown, self stitched, 2 clasp.	50c. and 75c.

**Pearson Bros. Again Doing Business.**

At last the Pearson Bros.' milk route is in operation and their old customers are being supplied with the same high quality of the creamy product as before the late foot and mouth scare. Operations were begun by the Pearsons yesterday morning, their new lot of cows having arrived.

Although the quarantine was removed some time ago and the barn thoroughly fumigated, notwithstanding the expressed doubt whether the disease ever existed there, the dealers were unable to resume business as their cows had all been disposed of and a new supply had not arrived. New cows had been purchased and would have been shipped the next day, when suddenly a quarantine was placed on all cattle shipment in New Hampshire, cases of foot and mouth disease having been discovered in that state.

At last, however, everything is in shape again for them, with new cattle and purified quarters, so that after a four months' involuntary cessation from business their milk route is again in active operation.

**Cricket Club Meeting.**

There was a good attendance at the meeting of the Andover Cricket club Tuesday evening. The election of officers, postponed from the October meeting, resulted as follows: Captain, D. F. Bruce; vice-captain, Hugh Kydd; captain of the second eleven, W. Fairlie; match committee, D. F. Bruce, H. Kydd, W. Fairlie, J. Gordon and W. Black, property committee, J. B. Callum, J. Gordon, T. Soutar. It was voted to hold a concert and dance some time in April, the arrangements being left to the entertainment committee. D. F. Bruce, J. Gordon, and W. S. Rhodes were chosen to represent Andover in a match at Lowell, April 25, the game to be between teams representing Lowell and vicinity and Lawrence and vicinity. A game will be played April 20 between the first eleven and the reserve eleven, the latter to have the assistance of the first eleven bowlers.

**Benefit Game.**

Tomorrow afternoon, on the cricket grounds, Andover and Lynn will play an association football game for the benefit of Robert Lowe, captain of the Andover team, who was severely injured in a recent game. Lynn is one of the two teams which have won from Andover this season, and the contest tomorrow ought to be a good one. Admission, 10 cents.

**Clothing for Andover Guild.**

Clothing of every description is most earnestly solicited. A sale is contemplated early in May. Large packages called for, if desired, by leaving address with Superintendent Mrs. Andrews, 71 Main street.

**WANT ROAD OPENED**

North Andover Citizens Petition Their Selectmen to Appeal to R. R. Commissioners to Settle Dispute With H. & A. R. R.

Now that the winter months are past and the spring is very much in evidence, many citizens of North Andover are asking themselves, what's to be done in regard to the Andover and Haverhill street railway company? Some seem to think that it is the place of the railroad company to make the first move while others are of just the opposite opinion and have already made a decided move in regards to the matter. The appended petition signed by twenty prominent citizens of the town, was presented before the board of selectmen of the town at their meeting at the parish office on Monday afternoon.

It is no more than three months since the last car was operated over the Haverhill and Andover line within the precincts of North Andover and those to whom it would be of great benefit are very anxious to see it again in operation.

The petition received is as follows: To the Honorable Board of Selectmen of the Town of North Andover, Mass.

We, the undersigned legal voters of the Town of North Andover, believing that public convenience and necessity require that cars be run over the entire length of the Haverhill and Andover street railway respectfully request your Honorable Board to petition the Railroad Commissioners to view the premises and adjust the differences now existing between the Town of North Andover and said Haverhill and Andover street railway company.

Signed by: Walter H. Hayes, J. Gilbert Chadwick, George G. Chadwick, Arthur F. Chadwick, Jacob Barker, Aaron A. Currier, Edward L. Perley, James C. Poor, Samuel Hamlin, Peter Holt, William R. Johnson, Frank Tisdale, Carl Vetter, David W. Wallwork, George L. Barker, Arthur W. Bassett.

**Holy Week in the Seminary Church.**

In accordance with the custom of recent years there will be vesper services in the Seminary church every day during Holy Week, except Saturday, at half past four. Besides the liturgy, as appointed for use on Sunday afternoons, there will be a short address by Professor Platner. On Thursday, the sacrament of the Lord's Supper will be celebrated. A cordial invitation is extended to the public to be present during the week.

First arrival Spring Dress Goods, Etamine, Mixed Suitings, Broadcloth, etc. at mill prices. Appleton St. Remnant Store, near City Hall, Lawrence.

### SEEDS SENT BY MAIL

#### Formal Opening

At half past three the guests, prominent residents and notables from out of town, had assembled in the lecture room and at quarter of four the chairman, Dr. Charles Peabody of Harvard University, honorary director of the new department, called upon Dr. Alexander McKenzie of Cambridge, to offer prayer. Then Dr. Peabody in his introductory remarks, explained that the founders had a three-fold purpose in establishing the department, viz: instruction, research and social life. By instruction it was hoped to make the Andover student familiar with the meaning of the word archaeology, especially with American archaeology and the student who did not pursue the subject, would gain this knowledge through the building and the collection while the public also would get instruction through the museum. By research was meant examination, excavation and publication, all of which would be carried on as extensively as possible. As for the social life, the founders had desired that the building should also be the center for the social life of the school, similar to the Harvard Union. With this end in view, there is a large reading room and library in the third story, which will be fitted out with leather lounging chairs. There are now about 30 publications and the nucleus of a library. Down in the basement will be an assembly room where the young men may indulge to a greater extent, their propensities for making a noise.

Besides these rooms, he referred to rooms which are mentioned elsewhere. Closing, he expressed grateful acknowledgment to the late Dr. Bancroft, who had encouraged the founding of this department, and who was looked upon by its founders as its corner-stone, to the trustees and faculty for their co-operation and kindness, to the public for the interest and attention shown and to those friends, about 90 in number, from California to New Brunswick, who had sent specimens. Then he turned over the department in behalf of the founders to the trustees, represented by the president, Robert R. Bishop, L.L.D. of Newton.

Dr. Bishop alluded first to that "document of rare foresight, the constitution of Phillips Academy," which, after the enumeration of a short list of subjects to be studied, adds, "and such other of the liberal Arts and Sciences or Languages, as opportunity and ability may hereafter admit, and as the Trustees shall direct." "There have not been wanting, since the foundation of the Academy," he said, "noble men who have supplemented the noble gifts of the Hon. Samuel and the Hon. John Phillips, so that Phillips Academy has thus been able to keep abreast of the advances made in Science, in Language and in the Liberal Arts. Now we have to acknowledge the largest and most ample gift since the Academy was founded. We owe it to an alumnus and to one who stands nearest to him on earth—his wife." President Bishop then read an extract from the deed of gift showing the intentions of the founders. This told that one of the founders had been a student in Andover, from 1853 to 1857, and explained how he had come to think of founding the department, remembering certain features of student life which he believed would be relieved to some extent should they now exist. His wish also was that the students should know that such a subject as American Archaeology existed. In closing, Dr. Bishop said that the Trustees most gratefully accepted the gift and wished that they might make public the names of the donors, whose modesty, not to let the left hand know what the right hand does, forbids, but whose beneficence will go on to the end of time.

In his remarks he also mentioned that the founding of the new department,

carried with it not only the gift of the building and collection, but also an ample endowment had been provided for paying the salaries of a director and honorary director of the department and for carrying on further researches and publishing the result.

Vice-Principal Alfred E. Stearns, M. A., said in beginning his address in behalf of the faculty of Phillips Academy: "It seems to me to be a tremendously significant fact that 125 years ago, the first class which graduated from this institution met for its exercises on this spot." Continuing he alluded to the significance of the fact that the Theological Seminary and Archaeological department had developed in these 125 years. He referred to the fact that Phillips Academy had started on a broad foundation and would continue to keep it broad. In his opinion much would come from the new department. As every man who had graduated from the Academy had felt the influence of the Theological Seminary, so would the Archaeological department make the graduates broader and stronger men. The social side of the new department also is attractive to every boy now in the school. It is of the utmost importance to have a place where the students can come together on a social basis. Thus friendships will be strengthened and new ones formed which will be of great benefit. The faculty most deeply appreciate the gift, he said, and on their behalf he expressed to the chairman, as head of the department, and to the founders their appreciation and thanks, and expressed the hope of the faculty to bring to a completion the intentions of the department.

President Charles O. Day, D.D., was called upon to speak in behalf of the Andover Theological Seminary. Dr. Day began by saying: "I congratulate Phillips Academy on this splendid department. I congratulate the young men on these splendid rooms, and I congratulate our entire life on the splendid line of life going into our midst. Speaking of the relationship between the Academy and the Seminary, the former, although older, seeming more like a younger brother, he alluded to the light shining upon the windows of the new Archaeology building reflecting upon the Seminary buildings, while they in their turn send back their light upon the new department and through it to the cottages

## EPOCH AT PHILLIPS

Opening of the New Department of Archaeology at the Academy Last Saturday, an Important Event in School History.

Both Phillips Academy and the town of Andover have reason to be proud of the event which took place on Zion's hill last Saturday afternoon, an event which drew upon Andover and its famous preparatory school, the gaze of scientific and learned men, as well as the everyday mortal, who only knew that the occasion was unusual, one that he should not be ignorant of.

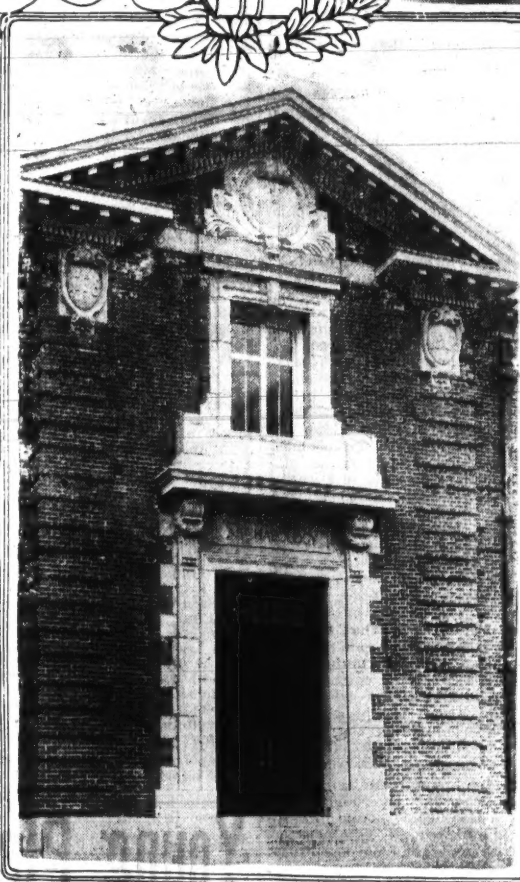

The opening of a new department is not merely an episode in the life and welfare of an institution; it is much more; it is an epoch. So the opening of the Department of Archaeology at Phillips Andover Academy marks a departure, a broadening, a first step into new fields not yet attempted in any other preparatory school in the world. Made possible by the beneficence of generous friends of Phillips, the department has finally broken out of the chrysalis in which it has been maturing for a number of years and now is ready to try its wings in flights to new and promising fields.

The opening last Saturday, coming as it did so shortly before the 125th anniversary of the Academy, which occurs on the 21st of this month, made the event one of greater significance and holds forth alluring prospects for the future. A thousand invitations had been issued going to all the noted archaeologists in the country as well as to individuals, prominent in art and letters, business and society, so that the hundreds who approached the handsome structure on Main street at the corner of Phillips, ascended the broad flight of marble steps to the solid door of oak, above which is the carved inscription, "Department of Archaeology," entered and assembled in the lecture hall on the third floor, completed a gathering, notable in many respects.

NEW BUILDING FOR THE DEPARTMENT OF ARCHAEOLOGY AT THE PHILLIPS ANDOVER ACADEMY.

beyond. Thus he thought that one should, and did, communicate with and help the other, and was seemingly bound closer together by this interchange of rays. There was bound to be a helpful cooperation between the two institutions. The new department is one that creates deep human interests by its study. The student is led to speculation in regard to the life and interests of the owners of these objects which are found in the museum. Go deeper in the study and the moral character of the aborigine presents itself. The tendency to destroy is shown by one object; that to build up by another. He alluded to the collection at the Seminary and said he sometimes thought that if he should take out a tray of arrow heads and hand one specimen to each student, it would be a good way to teach, by simply saying as he called attention to it: "That is the whole theory of writing a sermon. All you want to do is to be short and to have a point to what you say."

The last address was by Frederick Ward Putnam, L.L.D., professor of Ethnology and Archaeology at Harvard University, and one of the greatest authorities on American Archaeology. Prof. Putnam said that in four years more would come the 50th anniversary of his commencement in the study of Archaeology. By the new department of Archaeology at Phillips, the students would

become more observant and would learn to depend more on their own powers than on text books. He said it had been his good fortune to employ the curator, Mr. Moorehead, as assistant when preparing an exhibit for the world's fair, and told of the latter's valuable discovery at the Hopewell mounds in Ohio. Prof. Putnam stated that it was not so very long ago that Harvard had taken up Archaeology and Ethnology, and he had been appointed professor there. He alluded to the differences in the investigations made now and a few years ago. In Egypt, Babylon and the Holy Land, the work of excavation is being carried out after the American idea. He said that in America, investigation had shown us to have things here as old as anywhere in the world. Investigation was being carried out on the Pacific coast as it had been on the Atlantic, where pieces of skeletons and utensils had been found in the old glacial strata, with the intention of finding out when man first reached our shores, where he came from and how he got here. In America, there is this great problem to solve. Evidences have been found of migrations. The indications are that much in common will be found between the tribes on the coast of Siberia and of British Columbia. Prof. Putnam mentioned great centres of distinct cultivation found in Mexico and portions of

## REID & HUGHES

THE BIG STORE

### ...WOMEN'S GLOVES for SPRING...

Leadership in Glove selling is with our big store. Every worthy make has representation. We import only the finest and most reliable makes, and our stock for Spring, 1903, for women and children, is worthy the consideration of every woman in Andover. Following is a list of Popular Makes:

#### The Trefousse.

which we count the best France produces, heads the list. Warranted for exclusive styles, excellent quality and exquisite finish. 3 clasp, a complete line, and most desirable assorted stitchings, per pair, \$1.50 and \$1.75

#### The Centemeri.

3-clasp Glove. We are exclusive agents in Lawrence for these celebrated gloves. Made of real kid skin. The most perfect kid glove made. Plain and fancy silk, stitchings. 3 clasp—twenty new spring colors and black, per pair, \$1.50 Centemeri extra quality, black only, \$2.00

#### Princess May.

Our celebrated 2-clasp \$1 glove, every pair guaranteed. New season colors—white, English tan, pearl, grey, mode, brown, champagne, also black. Our special price, per pair, \$1.00

#### The Divonne.

2 clasp, in choice line of spring shades, in pique and the new ever seams, price, per pair, \$1.50

IMPORTANT!—There is no time in the whole year when mildy is so particular about her gloves as "Easter." Thus this annual opening of gloves, presents many exceptional opportunities to make purchases before the usual Easter rush. NOTE—Special attention given to the fitting of gloves by our experienced salesladies.

#### Foster 4-hook Kid Glove.

This glove is favorably known for its estimable wearing qualities. The prices and shades, English tan and black, per pair, \$1.00 Black only, per pair, \$1.25

#### The Marvel Washable Glove.

A Kid Glove that will wash. Made in every new shade. Also evening shades. Marvel Washable Gloves, pique seams, per pair, \$2.00 Round seams, per pair, \$1.65

#### Kayser Celebrated Double Tip Washable Gloves.

We are sole agents for this glove. Every pair fully guaranteed. Suede, Lisle and Taffeta, in clasp only. Self and black stitching. Prices per pair, 50c, 75c, and \$1

#### A complete stock of Women's Silk Taffeta Gloves, per pair, 25c

#### Misses' and Children's Gloves.

A stock as complete as that shown for the mothers.

Misses' 2-clasp kid gloves, per pair, 75c, and \$1

Misses' and Children's Silk Fabric Gloves, per pair, 25c

### REID & HUGHES

fine, symmetrical arches. One sees splendid white columns, great arched windows, and a general Colonial style of architecture. Big cases from Briggs & Allyn, Lawrence, modelled after those in the Peabody Museum, at Harvard, contain the specimens, a small proportion of which are in sight, tons of them being put away in the lower part of the cases or in the attic. In the room at the left is a handsome fireplace with mantel finished with Mexican onyx. Back of this room are the offices of the curator and the labeling room. The exhibition room, to the right contains more cases and also has a circular iron staircase extending to the story above. Ten closets are constructed in the building for the storage of specimens. The building is also so designed that wings may be added if necessary.

Ascending by the handsome iron stairway from the hall, the vestibule at the third story is found to be also spacious and attractive, opening right and left. On the north end the lecture room, which will accommodate 175, is seen, while on the south is the fine library and reading room finished in oak, and with handsome fireplace. With the stack room at the rear, the library has a capacity for 3000 volumes. Lounging and easy chairs and window seats will add to the student's pleasures here. Around the corner in the hallway are concealed electric lights, which increase the beauty of the room when illuminated. This story and the first are intended exclusively for the use of the students.

Down on the lower floor is a big room which may be used as a lodging and smoking room, while the camera club has very good quarters, and the literary, publications, chess club, and athletic and advisory committee are all attended to nicely. Good sanitary arrangements have been put in also, and the building is heated from the central plant.

The building was constructed on plans drawn by Architect Guy Lowell, of Boston, and cost \$50,000, while the specimens are valued at \$40,000 or \$50,000 more.

#### Department Officials

As Vice-Principal Stearns stated at the New York Alumni "Smoker" at New York City on January 20, "the school is most fortunate in the choice of the men to fill the positions of director and honorary director." Dr. Charles Peabody, of Cambridge, the honorary director, and Warren K. Moorehead, the curator, are known throughout the country as experts in their line of work.

In the former the Academy has secured a student, one who has studied and made wide researches both in this country and abroad, notably in Greece and Egypt. He is much interested in American Archaeology, and has been studying at Harvard University. Prof. Putnam has had him doing important work in Mississippi, which he carried to a successful completion.

Mr. Moorehead was another happy choice for the position he now holds. For the past seven years he has been at work for the founders, exploring, excavating, collecting, so that he literally knows the collection by heart, most of it having been obtained through his efforts. Previous to beginning work for the founders he was connected with an Ohio university and attracted their attention by an article in the Philadelphia Press. A correspondence which followed secured for him a commission to extend by his own efforts the collection, which formed a nucleus and is a part of the present collection.

Mr. Moorehead is modest, but were he so inclined he could tell a tale as interesting as any book of adventure, not only full of thrilling incidents, narrow escapes from dangers of various kinds, but

Continued on Page 6

South America. Comparisons were drawn by him between the natives of South America and other countries. Such problems as these are the ones which will be left as a legacy to the young men, he said in conclusion.

#### Reception

This brought the formal portion of the exercises to a close, and the guests were entrusted to the ladies who served tea, coffee, punch, cream and sherbets. The library and hallways were beautiful and profusely decorated with palms, ferns, and other greenery, while the tables were adorned with jonquills and tulips. Mrs. William B. Graves and Mrs. E. Y. Hincks, Mrs. Warren K. Moorehead, Mrs. James C. Sawyer, Miss Boshier and Miss Bacon presided at the various tables. During the social time music was furnished by the Academy Mandolin club, while various other students assisted in attending to the comfort and pleasure of the guests.

As they strolled around or stood in conversation, the visitors expressed themselves as charmed with the building and with the opening. From basement to the third story the building was thoroughly inspected, and a brief description of what one saw is surely desirable at this time.

#### The Building

From the outside, the structure, made of pressed brick and granite trimmings, and standing on the site of the original Phillips Academy, has the appearance of great solidity and roominess, with an attempt to provide plenty of light. The solid front door, the Etruscan bronze transom, the carved seal of the Academy, the shields with the dates, all add to the simple beauty of the front.

Entering, one steps into a spacious hall and faces the stairs leading both to the third story and to the basement. On the right and left are the exhibition rooms, connected with the hall through

## Epoch at Phillips.

Continued from Page 5

also full of humor and pathos. His indefatigable field explorations have taken him into many peculiar situations. Death at the hands of desperadoes, from thirst, from drowning, as he and his companions have shot down rivers hardly before navigated, from treacherous quicksands, from many other sources are some of the things he might relate if he wished. All these endured in order that the collection might be brought to its present splendid state.

## The Collection

To enumerate the variety of articles which compose this collection, in which there are some 48,000 specimens, would be to write a catalogue, while to even dwell on the many, many interesting objects one may see would lengthen this article into a volume and then leave it incomplete.

But to pass over the collection entirely without some brief mention of the most interesting objects that come to one's view would be equally as bad, so in a few words as possible it will be the endeavor of the Townsman to give its readers some slight notion as to what compose the collection.

In the first place the collection is entirely American and also contains only objects pertaining to the stone age. No metal to any extent is contained in the collection. The collection has been systematized by Dr. Peabody and Mr. Moorehead, as it came directly from the field, which required a great deal of hard work in cataloging and cleaning it, etc. As the trustees thought best for a small museum, the collection was confined to two or three large river valleys and is made as complete as possible in these sections.

The collection comes principally from the Chaco group in Northern New Mexico, where the American Museum of Natural History of New York carried on its most comprehensive explorations, from Solomon's Ruin on the San Juan river in Northern New Mexico, 80 miles from the Chaco river, never explored by others; from Southern Arizona, where very extensive explorations were made; from Florida and New England.

Where to start to describe the collection is rather a dubious question, so many objects there are which challenge one's interest. Here is a case full of articles from the Wabash Valley in Indiana found in a cemetery of the mound builders. In this gruesome spot were found 156 skeletons of the mound builders and their graves, which contained such objects as the clay idols worshipped by them, copper ornaments, and other objects whose usages are not known. Then there are peculiar pipes, which would be utterly useless to the man of today, but as the American aborigine was the first known smoker he probably made his pipe to suit the times and was the authority on the subject then.

The pipes found here have never been duplicated in other parts of the country. Besides these implements, the housewife and the baby are brought to mind by the small clay pots and rattles. This entire discovery, one of the best in the exhibition, was obtained by the department. The largest exhibit of all comes from Arizona, where eight months were spent by an archaeologist working for the founders. There is what might be rightly termed a great collection of objects representing fine art in flint and shells. Just see what the poor fellow who made the beautiful shell bracelet had to go through before he had the finished article all completed to adorn the arm of some belle of the tribe! First he must obtain the shells to work upon and that didn't mean stooping down to pick them up at his feet. No indeed! It meant that a toilsome, dangerous journey of long, weary, thirty miles across the terrible and famous Mojave desert from the Salado Valley to the Gulf of Mexico, had to be made to find the shells, and then came the toilsome journey back again. No doubt many a weary traveler found only death awaiting him in this waste of sand. Yet, when he returned safely, his labors were not over, for it remained for him to split off the crown of the shell and then with the roughest tools to smooth and polish the edges, leaving the hinge of the shell as an ornament. Finger rings were made in a similar manner and thus did the ancient American labor for adornment.

But bracelets and rings were not all, for here are more ornaments in black onyx and American onyx. And then what a waste of time it was to shape and polish and toil over all these little beads, ducks, birds, frogs, etc., to make them out of the onyx, of flint, of shell, of a jade-like substance, of turquoise, and more common stones, some of them made of one thing, some of another, some barely half an inch long, not very true to nature as far as shape goes, but with some details fairly accurately worked out. These objects are not to be found in the United States elsewhere, unless, perhaps, it is in Mexico, and it is not known to what uses they were put.

At what pains these people were, to make those beautiful arrowheads with marvellously fine points out of obsidian, black and shiny. There are 600 or 700

of these volcanic glass articles in the collection. Were the arrow points poisoned, we wonder? Large numbers of big stone images were found in the desert, miles from water, some of them shaped to represent bears, frogs, etc. Are they idols, or did the sons of the desert find time heavy on their hands that they should thus labor to shape the rough stones into some semblance of living creatures? No one knows just what was the use of these "ceremonial stones," as they are called.

In this case, a part of the same Arizona collection, is a display of axe heads, made of hard, green granite, beautifully polished, truly works of art. Read the inscription. Twenty-two axe heads found in one room! Now listen to Mr. Moorehead's statement and ponder. All these axe heads were found in one ruin of the cliff dwellers, all in only one room, together with two broken skeletons and shattered pottery. Perhaps, he will tell you, these people were the axe makers or dealers of the tribe. There is an appearance as if they had been killed. Can they have quarreled over the proceeds from their sale or barter? Or was it an attack from an envious neighbor whose axe supply had run short? Or, say an onslaught from foes from the animal kingdom or another tribe? We shall never know, but it will do no harm to guess.

Great pride is taken in the collection of hammers and rightly so because the museum need not take a back seat for any of the big museums in this respect. Especial efforts have been made to perfect this collection, all that could possibly be found in the United States having been obtained. All there are about 250 of them—red, brown, highly polished. These hammers were much prized by the natives, many of them being found in their graves. They are 90 to 98 per cent. iron and were therefore very difficult to work. One man in Washington spent 150 hours with modern tools shaping an object such as one seen in the collection, which gives a slight idea of what a time the old Americans must have had in making what appears to be a plummet-bob. Scientists and archaeologists are at sea as to the uses of these objects. Other articles made out of the hematite were the heads for their war clubs.

Stop a moment. See the round and flat stones, concave in the center. They are "game stones" and you will be instructed that the aborigines were found by the Spaniards playing a game similar to our quarts. These stones are made of Tennessee quartz.

The large stones on the floor seem to have the designs of snakes upon them. The Indian would find a smooth stone and then with another rougher one, peck out the outline of his snakeship coiled or uncoiled. Probably they were worshipped. They are found all over the desert, and if one asks an Indian of today about them, he will say, "No sabe." (Don't know).

Other interesting articles in the Arizona collection are flat, smooth pieces of slate with raised borders and slightly hollowed center. Paints may have been prepared on these slates, it is thought by some authorities, but their exact usages are not known. Clay cups are shown, supposedly used in making offerings to the gods, somewhat more like the Mexican design than anything else in Arizona, that point to a connecting link between the cliff dwellers and peoples of Old Mexico.

Moving into the other exhibition hall we see some beautiful bowls with old designs and are told that the patterns represent lightning which the natives worshipped. While speaking of bowls, let us turn to the Florida collection, 400 pieces of pottery, donated by Mr. Clarence B. Moore of Philadelphia. Strangely enough each piece has a hole in the bottom, to allow the "soul of the pot to follow its owner into the ground," we are told by the curator, the Indians believing that everything has a soul and that the souls of their cooking utensils could not escape from earth unless a chance was made for them to do so.

From the Southern climes let us make a jump to the Pacific slope and to one of the best collections of all. Here in the cliff houses of New Mexico have been found some objects of great value and rarity. In an underground chamber under two floors in one of the cliff houses was found a skeleton of a native man, covered with fibre mats and wrapped in one of those wonderful feather robes, ten feet long, of which only one or two are known to exist in the world. It is probable from the magnificence of his robe that the man was a powerful ruler. Various other articles were found which had been buried with him. The skeleton shows that the cliff dwellers were of a smaller race than the mound builders. Here is a mummy of a baby two months old in cotton robes, taken from a cliff house where the aridity of the climate had preserved it. There is an urn containing the remains of a cremated body showing that cremation was well known to these people.

Of art. Some were large and were smoked with a stem ten feet long, so that as the natives sat in a circle, the bowl of the pipe rested in the center while the stem travelled from hand to hand, probably from left to right.

One might go on and on describing this peculiar thing and that wonderful object, but time and space forbid at this time. No doubt many objects escaped attention in this hurried outline sketch, but the exhibit is not going to run away and everybody will have an opportunity to see for themselves.

## A Hint as to Styles.

One of Lawrence's well known milliners, Miss Mackeown, whose opening occurred Tuesday and Wednesday of this week, has given the Townsman correspondent a slight notion of what the styles in hats will be this Spring.

To try to impart this knowledge in anything like an accurately scientific and understandable manner is doubtless beyond the masculine ability, but an idea of how Miss Mackeown's handsome parlors looked during her opening is perhaps permissible.

The main parlor, with its beautiful appointments, its hangings, flowers and plants, its lavish display of millinery, could not but please the visitor. The millinery in the three prevailing shades, red for the early Spring, pink and white for the late Spring and early Summer, occupy different portions of the room.

The hats used are mainly large and flat and are elaborate in the making, more than in the trimming. Quantities of fruit and flowers are used. One hat trimmed with handsome red cherries is a beauty, while another with strawberries is almost equally pretty. As usual, fancy ornaments, buckles, pins, etc., and jet are being used. The hats with pink and white chiffon trimmings are as dainty as can be.

The smaller parlor, where the punch was served, was decorated in violet. Cut flowers and potted plants were for sale here, the proceeds of which are to go to the Lawrence General Hospital.

Miss Copp had kindly given Miss Mackeown the use of her studio, which was decorated in pink, and used for the sale of home made candy. In the hall, Sparrow's chocolates were for sale—more charity for the hospital.

During the opening, Miss Maud M. Cole, pianist, of this place, rendered music. Miss Mackeown was assisted in receiving by her regular staff of girls and by a number of friends. Mrs. Arthur Ryder served punch, assisted by Miss Frank Bradbury and Mrs. John Peabody. Miss Steere and Miss Poor had charge of the sale of the candy.

## HOW TO WARD OFF AN ATTACK OF RHEUMATISM.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." For sale by E. M. & W. A. Allen, Andover.

## SUIT IN EQUITY SETTLED.

At a conference of the trustees of the bankrupt estate of the Globe and Prospect worsted mills and the Lawrence Supply Co. of this city, and Col. Sweeney, counsel for Samuel and A. H. Robinson, the former controlling stockholders of the Globe and Prospect, held in the office of Col. Sweeney, Saturday, the suit in equity brought by the trustees against Robinson was settled. It was the contention of the trustees that the Globe and Prospect mill property had been used in the tenements on Allen street and in North Andover houses. The Robinsons decided not to contest this claim. They also released their dividend claims. No settlement with creditors has been reached, however, and no pending criminal cases are in any way to be regarded as settled by the action in the equity case.

Two games of basketball will be played at the Y. M. C. A. gymnasium Saturday night. The first will be the first team against the strong Dartmouth college team. The latter team has not been defeated this year and as the local team has been defeated but once in the games played at the local building, a lively contest is expected. The second game will be between the Second team and Lowell. Playing will begin at 8 o'clock.

Francis Abbott is confined to his home on Eutaw street by illness.

## Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

## North Andover News.

The first dandelions of the season were gathered on last Friday in the Sutton mill yard.

Burpee Nelson of Saunders street has accepted employment with Eugene Foss, the local milk dispenser.

The department at the Davis and Furber shops, over which George I. Smith has charge, is running overtime.

The students at the Lowell Textile school will not have a vacation this year, owing to the delay in commencement.

Walter Dunbar and Joseph Coteau of this town attended the senior reception at Nevins Memorial hall at Methuen on Friday evening.

Mrs. Olivia McCoy, the mother of Mrs. E. E. Hosmer, on Osgood street, is very much improved in health. She has been quite ill for the last few days. The King's Daughters of the Congregational church met on Monday evening at the home of Miss Vinnie Gilman on Pleasant street. Miss Georgianna J. Hosmer, as vice-president, occupied the chair as presiding officer. The time was devoted to sewing. The next meeting will be held at the home of Lucy Prescott on High street on Monday evening, April 13th.

The meeting of the Charitable Aid society of St. Michael's church met on Tuesday evening at the close of the Lenten service in the basement of the church. The following officers were elected to serve for the ensuing term: President, Patrick J. Casey; vice-president, Mrs. Patrick Lynch; secretary, Miss Mary Smith; financial secretary, Miss Katherine Keenan; treasurer, Mrs. Owen McAloon. The other officers were re-elected to serve for this coming year.

**THE OLD RELIABLE**

**ROYAL BAKING POWDER**  
Absolutely Pure  
**THERE IS NO SUBSTITUTE**

The Bethany Workers will meet on next Monday evening at the home of Miss May Goff on Sutton street.

The hypatica, one of our earliest spring flowers is being gathered in large numbers in the out districts.

Mrs. Samuel Goff of Sutton street and Master George Manning have just returned to town after a short visit in Lynn.

Mrs. Sarah Ellis of Amesbury is spending a few days in town as the guest of her son, Luther S. Ellis on High street.

Miss Bertha G. Atkins, a teacher in the public schools at Fairhaven, Mass., is the guest of Mr. and Mrs. Oscar Goodwin on High street for a short time.

The Junior society of Christian Endeavor meets this afternoon at the Congregational church at 4 o'clock. Miss Helena Phillips is the leader.

The first and second jury at the sitting of the courts in Boston have been discharged and George Goodhue, Calvin M. Sanborn and Charles W. Paul have returned home.

At the meeting of the grange on next Tuesday evening there will be a discussion on the subject "Union Against Non-Union," led by Mr. Winfield S. Hughes. Following the discussion there will be a "What Is It?" party.

A meeting will be held on next Monday evening at 8 o'clock in the Odd Fellows building of the committee who have the arrangements in charge for the supper, entertainment and dance to be conducted under the auspices of the Rebekah lodge of this town.

Dir. for Richard Fox of the Lawrence Young Men's Christian association will speak before the members of the North Andover Young Men's club at their meeting to be held in the St. Paul's parish house on next Tuesday evening. All are cordially invited to attend.

At the meeting of the Rescue lodge of Good Templars on Tuesday evening, one proposition for membership was received. The delegates and alternates to the meeting of the Grand Lodge to be held in Springfield on April 8th and 9th were chosen. They are, delegates, William S. Bentley, Arthur R. Eugley, Ernest Bamford and Byron Griff; alternates, James M. Craig, Alfred W. Kershaw, John W. Richardson and George Hamlin.

J. D. Bean of Lawrence has accepted employment as an engineer at the Sutton mill.

Miss Margaret Milner of Maple avenue is to spend her vacation with relatives in Littleton, N. H.

The Bradstreet colony, U. O. P. F., will hold its regular meeting on next Monday evening in Odd Fellows hall.

Mr. and Mrs. Patrick Gillispie of Saunders street attended the funeral of John Puzal, a relative in Lowell on Thursday.

Mr. and Mrs. John F. Bennett have returned to their home on Elm street after a two days visit in Sudbury as the guest of the former's brother.

Members of the Women's Auxiliary of St. Paul's church were in attendance at the address given at Christ church, Andover on Friday afternoon by Miss Dobson of China and Chinese Missions.

Francis E. Higgins of this town, proprietor of Cold Blast market was a nephew of the late Augustus Swift, the extensive beef merchant of Chicago, who passed away recently.

A meeting of the Rebekah petitioners was held on Monday evening in the Odd Fellows building. Considerable business of a private nature was transacted. A name for the new organization was selected and will be submitted to the Grand Lodge for approval. The entertainment committee met and formulated plans for the entertainment, supper and dance to be conducted by the lodge. The proceeds are to be devoted to defraying the expenses of forming and equipping the order.

Next Sunday will be observed as Palm Sunday at the Congregational church. Special music will be rendered. The order of service with selections prepared is as follows:

Call to Worship. Doxology or "Nearer My God to Thee," or "Holy Holy Lord." Brief invocation, closing with the Lord's prayer by all.  
Choir, "Fling Wide the Gates." Steiner Responsive service, from Psalter.  
Choir, Jerusalem.  
Prayer.  
Hymn.  
Sermon.  
Hymn, 536.  
Prayer.  
Silent prayer.  
Benediction.

### SUNDAY SCHOOL SCHOLARS ENTERTAINED.

It was a highly successful rehearsal of the Easter music to be rendered at the Congregational church by the Sunday school that was held in the church vestry on Wednesday evening. It was planned to give the pupils of the school a good time socially with refreshment and also to accomplish a rehearsal of the Easter music. There was a large number of the older members of the Sunday school present and those in charge felt greatly repaid for their endeavors.

The rehearsal was in charge of Mr. Edward Butterworth while Miss Maud M. Howes presided at the piano as accompanist. Mr. D. W. Carney as superintendent of the Sunday school was also present and assisted greatly. Refreshments of cocoa and cake were served to the young people by Mrs. Virum B. Watts, Mrs. William Halliday, Mrs. Marston, Mrs. Frank Eaton, and Mrs. William Howes.

### QUARTERLY MEETING

Andover Christian Endeavor Union Met With Congregational Church at North Andover.

A well attended quarterly meeting of Andover Christian Endeavor Union was held with the Congregational church of North Andover, on Tuesday evening. Andover was well represented by members of the South, Free, Baptist and West societies, who went by electric car and private conveyances, while Ballardvale sent a good sized delegation by Ammon Richardson's barge.

President Edward W. A. Holt of the Union presided, and Rev. Dr. Barnes of North Andover, Rev. G. A. Andrews of the West church, and Rev. A. T. Belknap of the Baptist church occupied places on the platform. The Young People's choir of the church assisted in the praise service, with which the meeting opened. President Carl Stowers, of the North Andover society, made a short address of welcome. Rev. Dr. Barnes was called upon for the Scripture reading, and Rev. A. T. Belknap offered prayer.

The business session and roll call was next held. The resignation of the secretary, Miss Helen Ritchie of the Free church, was read and accepted, and Miss Ethel Clark, of the same society, was elected to fill the vacancy.

The report of the missionary reporter was next read and was listened to with much interest. Following this came the reading of records of the last meeting of the Union, held with the South church, by the secretary.

Roll call was next in order, each society rising to repeat a verse of scripture, all remaining standing to repeat in chorus, when all the societies had been called, the Y. P. S. C. E. pledge.

Short addresses, full of interest and helpfulness, were made as follows: "How can we start a campaign for new members?" Rev. G. A. Andrews (West).

"How can officers keep things moving?" Miss Mabel S. Robinson (North Andover).

"How can we get a committee to work?" Charles W. Richardson (Free).

"How can we make the prayer meetings more helpful?" Frank B. Jenkins (South).

"How can we co-operate with our pastors?" Miss Alice McIntyre (Ballardvale).

"How may the quiet hour prepare us for the busy hour?" William Shaw, of Ballardvale.

This portion of the evening was brought to a close by the singing of a hymn and benediction.

Then all were invited to descend to the vestries, where a social hour was held and refreshments were served by the committee in charge.

The following constitute a reception committee: Carl Stowers, Edward W. A. Holt, Miss Carrie Adams, Miss Georgianna J. Hosmer, Miss Grace I. Barker, Mrs. William Halliday and Miss Daisy Ward. Those who ushered were Charles Stowers, Albert Barrington, Joseph Coteau and Charles Shackleton. Members of the Junior societies were present from Ballardvale, the Free church, Andover and the local church.

The announcement of percentages was made as follows: Free, 42; Ballardvale, 40; West, 34; South, 30; Baptist, 16; thus giving the banner to the Free society. It was also announced that the Essex County convention will be held at Manchester-by-the-Sea on April 20.

### RUNAWAY ACCIDENT

A runaway accident occurred in the lower part of the town on Wednesday evening at about 7:30 o'clock. It happened in Railroad square where the street is well illuminated by an arc electric light. A clear explanation of the accident can not be given, but the first intimation that many had of the occurrence was when they caught sight of a frantic horse tearing along the street with the shafts and front wheels of a carriage trailing on behind. The animal came down Main street, turned the corner into Sutton street and started for Lawrence. He was stopped at the Shawheen bridge, and is said to have been somewhat cut up.

A crowd gathered at Railroad square and there could be seen the remainder of the carriage, a light runabout with rubber tires. The back axle with the wheels had been separated from the body. The team with which the injured rig had come into collision was a curd wagon with a light horse. This wagon suffered so much as it was necessary to tie a number of the parts together. The name of the owner of this wagon could not be gained but it is said that the man in the other wagon was a well known insurance agent of Lawrence. It is thought that the latter gentleman was somewhat injured as it is thought that he was thrown from his carriage upon his head. He was about the wreck however.

The remains of the damaged wagon were taken to Fred L. Sargent's barn on Morton street and the owner called this morning, making arrangements to have Mr. Sargent carry them to Lawrence this afternoon.

### BLUE STOCKINGS MET.

The Blue Stocking club met on Monday evening in special session. Considerable business was transacted. Eighteen members were present. President Herbert E. McQueen, of the club, called the meeting to order and presided. A report of the entertainment committee was submitted by the chairman of that committee, Ernest W. Johnson. Everything is progressing satisfactorily in the matter. N. E. Flanders has withdrawn from the committee as he is out of town and is unable to be present at the meetings. Herbert E. Hosmer was elected to serve in Mr. Flanders' place. Two new members were elected into membership in the club. They are, John Kelly and Walter Dunbar. It was voted to purchase blue jerseys with a white stripe on the sleeves to be known as the regulation club jersey and any club member may secure one if he wishes.
